INTERVIEW SUMMARY

Honorable Commissioner for Patents:

On April 29, 2004, applicant's counsel Lloyd W. Sadler (Reg. No. 40,154) and Patent Examiner Philip B. Tran conducted a telephonic interview to discuss claims 41-104 of the above referenced patent application. The substance of this interview is as follows:

We discussed the cancellation of independent claims 79, 86, 99 (and the possible cancellation of independent claim 93 if redundant) and their respective dependent claims. The applicant agreed to file a terminal disclaimer and to authorize the Examiner to make an Examiner's Amendment. Agreement was reached between the Examiner and the applicant's counsel that with these changes this application should be allowable. Applicant's counsel indicated that he believes that the cancelled claims could also be allowable and reserved the right to pursue those claims in a continuation application.

The applicant believes that the foregoing constitutes a full and recitation of the substance of the interview.

Respectfully, submitted this 28th day of May, 2004.
